The following shows the phase out schedule for the HT16K33 and the cross references between the phased out device and the replacement device.

- Last time buy date: April 30, 2022
  - Order placement deadline
- Production stops: July 30, 2022
  - Cease production
  - Last delivery
  - Product reaches end of life status
- Suggested replacement device: HT16K33A
- HT16K33A release date: March 31, 2022

## **General Information**

This EOL notification announces the cessation of manufacture of the devices mentioned herein. The process of product discontinuation will be implemented in accordance with Holtek's product EOL procedure. The device EOL information is supplied prior to cessation of manufacture to enable related customers to make the necessary adjustments to their present and future purchasing plans. Users of these devices should review this material carefully and ensure that final purchases are made within the schedule as defined in the following terms and conditions.

### **Last Purchase Date**

This is the final date at which orders will be accepted for deliveries of the mentioned devices. After this date Holtek cannot enter into negotiations regarding the purchase of these phased out devices.

### **Production Stops**

After this specified date no more devices will be manufactured and last deliveries made. At this point the device can be said to have reached their end of life status.

### **Suggested Replacement Device**

The alternative devices are the recommended replacement devices for the phased-out devices. The suggested devices should functionally replace the original device however this is offered as reference information only. Holtek offers no guarantee that the suggested replacement device will have exactly the same form, function or specification of the phased-out device.

### **Device Pricing**

The subject of pricing for the specified devices under notice of phase-out is one that must be discussed with the Holtek Sales Department. Quotations for devices will depend on several factors and can only be given upon individual requests.

### **Limited Warranty**

All devices under notice of phase-out shall be subject to the Holtek Standard Limited Warranty.

### **Phased-out Device Future Manufacture**

Holtek reserves the right to re-introduce at any time in the future the manufacture of devices that may have gone through the full phase-out procedure. All new re-introductions of previously phased-out devices will be announced on the Holtek website.
